I. Ansı	wer the following quest	ions.					
) How are computer used in the field of sports and military.						
	List features of a smart phone.						
c) :	State the different types of mouse. Explain them.						
d)	Name the types of convergences. Describe any two.						
	What do you mean by motherboard?						
-	Write the full forms- DVD, DRAM PROM, DVD, and MICR.						
	Define some places where you find application of touch screen.						
•	What is a CPU? Explain different parts of CPU.						
	Explain various types of	keys of keyboa	ird.				
,	Differentiate between:	ii Impact and	Non Impost n	uintous	iii CD and D	N/D	
	i. RAM and ROM	II. Impact and	Non-Impact p	rinters.	iii. CD and D	טעט	
	ose the correct option. In of the following is an o	output dovico?					
	i. Mouse	ii. CPU		iii. Joyst	ick	iv. VDU	
b) Which of the following not a part of CPU?					ICK	10. 000	
-	i. MU			iii VDH		iv. CU	
	ergence of technologies					171 60	
i	i. The advent of Interne iii.The growing needs	-	iv.The digita	lization of co	ontent		
	peed of a Dot Matrix pr						
ĺ	i. dpi	ii. cps	iii. b	its	iv. a	all of these	
e) The d	i. dpi liameter of the standard i. 70mm of the following canno	I CD is	_				
i	i. 70mm	ii. 80mm	iii. 1	20mm	iv. 180mm		
-	_						
	i. Sound				iv. None of these		
g) Which is the best example of technological convergences?							
	i. DVD	ii. radio			iv. Music system		
	of the following is not			(D. I			
:\ The en	I. MU	II. ALU	iii. \	טט	iv. CU		
i) The sp	i. MU beed of the computer is i. MB	ii CB		.D	iv.MBz		
i) A com	i. MD monly used storage dev	vice is	111. 1	Б	IV.IMDZ		
)) A COIII	i. MB monly used storage de i. RAM	ii RON	1	– iii. Hard	disk	iv. SRAM	
TTT Writ	te true or false.	II. IOI	•	III. Hara	uisk	IV. SIVALI	
1111 VVIII	te true or ruiser						
-	There are 2 types of pri					()
b) :	b) In a computer, data is simply a collection of 1s and 0s.)
c) :	c) Scanner is an output device.					()
d) :	d) Storage capacity of DVD is more than the capacity of Blue-ray disk.					()
e)	e) RAM and ROM are also called Immediate Access Storage.)
-	f) Nibble is a group of 8 bits.)
-	g) A bit has colour, size and weight.					(í
	h) MMS stands for Mobile Media Service.)
						()
-	•	_		ormation per	manenuy.	()
j)	Light pen is a light sens	itive pointing de	evice.			()
	e one word Answer.						
a) '	Which type of compute	r do Indian railw	ays use, to in	teract with t	he customers for the	e various online	e functi

PT-1 Revision Ouestions

Sub: Computer

Class IX

- ions like booking, cancellation, showing the current status and so on?
- b) Rahul is working in the National research centre which predicts natural calamities like earthquake, tsunami etc. Which type of computer is used in this kind of research?
- c) I am a perfect combination of Analog and Digital computer. I accept analog signals, convert them to digital and process them in digital form. Who am I?
- d) Cyber Olympiad foundation uses a special device for making objective type questions and calculating scores
- of candidates. What is that device called? e) Meena wants to create a high quality drawing in a variety of colours. Which device should she use for the same?
- f) ICICI bank uses an input technology to process large amount of cheques quickly and accurately. Which technology does they use?
