

I. Choose the correct option.

- a. Which blocks are used to manage the appearance of sprites and the stage?
 - i. Sound
 - ii. Events
 - iii. Control
 - iv. Data
- b. Which blocks are used to perform mathematical operations in a script?
 - i. Pen
 - ii. Events
 - iii. Operators
 - iv. Data
- c. Which blocks are in light blue, and used to detect various situations in a project such as digital and analog inputs?
 - i. Control
 - ii. Sensing
 - iii. Sound
 - iv. Data
- d. Which blocks controls the movement of a sprite?
 - i. Data
 - ii. Motion
 - iii. Control
 - iv. More blocks
- e. Which blocks are used to control the execution of a script?
 - i. Sound
 - ii. Events
 - iii. Control
 - iv. Data

II. Match the following.

- | | |
|---|---|
| 1. C blocks are also called as | a. Cap block |
| 2. Blocks are used to end the script | b.  |
| 3. Block that represents a condition | c. Wrap blocks |
| 4. Operator for division is | d.  |
| 5. It tests for the 'less than' condition | e. Conditional block |

III. Give one word answer.

1. Which blocks are used to start a script? _____
2. Which blocks carry out the main commands in the script? _____
3. The type of variable used to contain a list of characters _____
4. The category used to add and play sound in your scratch project _____
5. The category used to control the execution of script _____

IV. Explain these conditional blocks in 'Scratch'.

- i. If () Then: _____
- ii. If () Then, Else: _____

V. Answer the following.

1. Write a small note on Looks Category?
2. Identify the following and name the block:

3. What are the two main types of variables?

I. Choose the correct option.

- a. Which of these creates a new presentation?
- | | |
|------------------------|-----------------|
| i. Transition | ii. SmartArt |
| iii. Format Background | iv. Photo Album |
- b. Which of the following options are available on clicking 'Down' arrow of the new slide option?
- | | |
|------------------------------|-------------------|
| i. Duplicate Selected Slides | ii. Reuse Slide |
| iii. Both i. and ii. | iv. None of these |
- c. When you insert an audio file in a slide, the two tabs that appear under **Audio Tools** are?
- | | |
|------------------------|-------------------------|
| i. Format and Playback | ii. Playback and Design |
| iii. Format and Design | iv. None of these |
- d. Which tab is used to add a SmartArt graphic in slides?
- | | | | |
|-----------|------------|-----------|------------|
| i. Design | ii. Insert | iii. Home | iv. Format |
|-----------|------------|-----------|------------|
- e. Which tab has a option to create a photo album.
- | | | | |
|-----------|------------|-------------|----------|
| i. Insert | ii. Design | iii. Review | iv. View |
|-----------|------------|-------------|----------|

II. Match the following.

- | | |
|---|----------------|
| 1. Power point presentation consists of a series of | a. Screenshot |
| 2. A picture of the current display on your screen | b. Shift+F5 |
| 3. The main editing view used to create a presentation | c. Delete |
| 4. This option start the slide show from current slide | d. Slides |
| 5. The key used to remove an animation after selecting it | e. Normal view |

III. Give one word answer.

1. The view used to create and design a presentation: _____
2. Effects that appear when you move from one slide to next in a presentation: _____
3. Effects that can be added to text or objects on a slide: _____
4. Set of graphics that help you create different kind of list, process, diagram on a hierarchy:

5. Which view presents all the slides as horizontal thumbnails: _____

IV. Answer the following questions.

- i. Mention two ways to stop a slideshow:
- ii. Explain the four print layouts:
- iii. What do you mean by Transitions?
- iv. Explain the outline view:
- v. What is SmartArt?
